

## Tim Kost

### VP, Campaign Operations

J.D. Power

---

Tim Kost is Vice President of Campaign Operations of the Autodata Solutions Division of J.D. Power. He is responsible for the overall product development and delivery functions for the Campaign Business Unit. Tim joined Autodata Solutions via the acquisition of UnityWorks where his role was Chief Operations/Financial Officer. At UnityWorks, he was charged with raising growth capital, strategic planning and all financial/operational activities that led the company from an early stage concept through successful exit for shareholders.

Prior to Autodata Solutions, Tim was the Chief Financial Officer and board member for America's PPO and TPA where he was responsible for the overall financial and operational activities for two related healthcare entities. Tim began his career at Centron DPL Company, a division of GATX Capital Corp in various financial and operational roles that included a focus on M&A and international expansion.

Tim holds a BS in Business from Mayville State University.
